Happy Holidays Partners and Friends of Aunt Bette's Place Community Center,

Here we are again, quickly approaching the Holiday Season of Giving 2022. We want to thank you for your continued support of donations for our families during our Holiday Community gathering.

I am excited to share our updates to Aunt Bette's Place Community Center, and collaborations that help make our growth possible.

- In collaboration with Comcast, we have created a Lift Zone Technology Center with opportunities for our children to learn and engage in current digital technology. In addition, we hired a Technology Specialist to lead in the focus of programming for this area.
- As I continue developing programs that will effectively empower our residents, I am proud to be collaborating with local businesses like Project Girl, Millennia Ministries, and a volunteer Professor from UW, who specializes in 3D Printing.
- We are also moving towards reestablishing our pre-pandemic programming, which includes classes like Thriving Through Nutrition, Finance Matters, and Group Mentoring.

We are dividing our age groups and I've also included their suggested requests from Amazon:

Children: (Ages: Newborn - 6 years)
